

The part of the longevity plan that happens at home

You plan the money. SeniorThrive gives the household a room-by-room plan for the house, so care decisions start from a plan instead of an emergency.

WHY IT FITS YOUR WORK

- Room Check and a simple home plan turn “is this house still right?” into a list you can budget against.
- Planning Ahead: six plain money questions, then a PDF of their own answers to bring to a conversation. No account numbers; we keep no copy.
- The family view keeps adult children in the loop on what’s happening at home, on terms the older adult sets.

WHAT THE PLAN COVERS

Home safety from photos.

Health basics and an emergency card.

Quiet family check-ins the older adult controls.

IT SENDS PEOPLE BACK TO YOU

“Bring this to a conversation with someone you trust - whether an attorney, an advisor, a friend, or family - when you are ready.”
