

Fill the hours between your shifts

When your caregiver isn't there, SeniorThrive keeps the house, the medications, and the family's check-ins organized, and every visit your caregiver logs is there for the family to see.

WHY IT FITS YOUR WORK

- Caregivers check in and out from their phone. The time is recorded, and the location when the phone allows it.
- Visit notes and shift handoffs land in the family's app, where the whole family can see them.
- Your caregivers join free, by each family's invite. SeniorThrive does not schedule shifts, run payroll, or bill for care.

WHAT THE PLAN COVERS

Home safety from photos.

Health basics and an emergency card.

Quiet family check-ins the older adult controls.

IT SENDS PEOPLE BACK TO YOU

“They join your Circle as a Caregiver and start logging visits.”

Family members start free, no credit card. The 14-day trial starts only when the older adult joins; nothing is charged before it ends. Then the Emergency Card and past reports stay free, and Room Check, Planning Ahead and family sharing are Essential at \$29/mo for the older adult and one family member. We never sell health information. Sharing gives you no account access unless they invite you into their Circle.
