

What happens at home between your visits

A room-by-room home plan and simple check-ins your client does on their own, so the house, medications, and family check-ins stay organized between visits.

WHY IT FITS YOUR WORK

- Clients can run simple daily-living and mobility check-ins at home. What they enter is their own report, not your assessment.
- Room Check turns room photos into a home to-do list. It is SeniorThrive's read of the home, not an evaluation.
- "I Spotted Something" lets the client or family log what the photo pass missed. The Home Safety Report prints in a Professional version you can review together.

WHAT THE PLAN COVERS

Home safety from photos.

Health basics and an emergency card.

Quiet family check-ins the older adult controls.

IT SENDS PEOPLE BACK TO YOU

“For a clinical home safety evaluation, talk with an Occupational Therapist.”

Quoted from Room Check in SeniorThrive, as it ships today.

See what your clients get

For older adults and the family helping them stay safely at home.

Prefer a walkthrough before you share? **Book 15 minutes.**

Family members start free, no credit card. The 14-day trial starts only when the older adult joins; nothing is charged before it ends. Then the Emergency Card and past reports stay free, and Room Check, Planning Ahead and family sharing are Essential at \$29/mo for the older adult and one family member. We never sell health information. Sharing gives you no account access unless they invite you into their Circle.
